

Silent Gold

Pain Of Salvation

Push me over
Make me shiver
You're my cover
Let your river
Flow, flow, flow
Gone high 'n low

Leave me open
Leave me breathless
Feel my cold skin
Make me reckless
Run, run, run
For the mornin' sun

Baby, wrap me in your silent gold
Let the saddest story be untold
Baby, anywhere you go
Anything you do ... is home, is gold

Take my body
Make it hold me
Once you asked me
"Baby, how do you grow?"
God, god, god
Is what we do now

Baby, wrap me in your silent gold
Let the saddest story be untold
Baby, anywhere you go
Anything you do ... is home

Baby, wrap me in your silent gold
Let the saddest story be untold
Baby, anywhere you go
Anything you do ... is home, is gold
