

## The Game

## Pain

Use me as I use you, pull my strings  
my money says that you will, that's what I pay you for  
got me served on a plate, do what you want  
show me that you care, you're the one in control

The harder you pull my strings, the harder I get  
just a question of time before I lose my mind

It's the game that you play with my head and I can't get enough  
triple sex, almost death, twisted love, the game I cannot bluff  
it's the game that you play with my head and I won't get enough  
can't walk away, got to play it all the way

Tight up in this game, this game that I can't quit  
pleasure I get in pain, the pain will keep me sane  
feed my twisted mind, touch my skin with your razor blade  
strip me down to the bone, I do anything

The harder you pull my strings, the harder I get  
just a question of time before I lose my mind  
the harder you tighten the rope, the harder I get  
a slave to my burning desire, a taste of death

It's the game that you play with my head and I can't get enough  
triple sex, almost death, twisted love, the game I cannot bluff  
it's the game that you play with my head and I won't get enough  
can't walk away, got to play it all the way
