

Sins Of The Fallen

Pale Divine

You're a fallen angel
in a black abyss.
Feel the touch of evil
taste the serpents kiss.

Dissident deceiver
in your world of sin.
You're a nonbeliever
you can never win

chorus:
Falling down a spiral,
Falling down.
Save me if you can.

Have you no emotion?
Have you any shame?
Take a look around you
tell me who's to blame.

Plant the seeds of hatred,
reap what you have sown.
There is no salvation,
for the devil's own.

(repeat chorus)

bridge:
Cast your eyes upon me now...
see me as I am.
For your sins you'll burn with me,
mortal souls be damned.

Play with fire...
are you ever gonna learn?
Sinner, liar....
in the end you're gonna burn.

You're gonna burn now!
