

## remnant song

### Pale Forest

In tune, the final June  
the oceans overflow  
Deranged, the deserts range  
to mankind's final show

So soon, the final goon  
the darkest hole is full  
Insane, collect in vane  
The finest carven scull

...and bones are all  
nothing is left  
The waves still fall  
and bones are all

Why run from skeleton  
the fallen Mother earth  
All gone, the final son  
and death to follow birth
