

Patient

Palisades

Take a look inside my head
I tried to patch the wound
But it keeps on coming back
I'm hollow to the bone
Screaming "Take my all"
But you need more

And I can't say your name
'Cause you're cutting off my tongue
And I don't think you'll ever understand
Just how you left me numb
Oh, look what I've become
You left a hole
I'm not the same

And I'm a patient
I've been waiting for you
To ruin this day or to make it
You're getting high off of playing God
Either stop my heart or replace it

There's medicine to take
For trying to forget an unforgettable face
Tell me does it show?
I breathe you in
You watch me choke

And I can't say your name
'Cause you're cutting off my tongue
And I don't think you'll ever understand
Just how you left me numb
Oh, look what I've become
You left a hole
I'm not the same

And I'm a patient
I've been waiting for you
To ruin this day or to make it
You're getting high off of playing God
Either stop my heart or replace it

Mark me up, cut down the line
Killing me keeps you satisfied
And if it's really what you had in mind
Cut me up, cut me up
'Cause I'm already dead inside

I'm a patient
I've been waiting for you
To ruin this day or to make it
You're getting high off of playing God
Either stop my heart or replace it
And I'm a patient
I've been waiting for you
To ruin this day or to make it
You're getting high off of playing God
Either stop my heart or replace it

Take a look inside my head
Take a look inside my head
Take a look inside my head
Take a look inside my head
