**Palisades** 

And it's been long enough And still I have to bite my tongue And the days and the weeks and the months pass by I can't get you off my mind I'll keep this inside

But that's okay

And I say I want you to be my girl Want you to be my world Even if it means that I can't have you by my side Just want you in my life

I've been waiting by the minute Every precious little second Try to wrap my head around that I'll never get it Contemplating if it's the right time to let you know You're stuck in my thoughts so let's make a deal I'll keep my lips locked if you promise it's real And if he treats you right Then I'm fine

I'm waiting for you
(speechless, I wanted to call out your name,
I stopped in fear that things would change)
I swear if you knew
Then I know it wouldn't be the same
I'm waiting for you
(speechless but I'm alright, alright)
I swear if you knew
I set aside my love for less
