

The Bringer of Dreams

Pallas

Welcome! Step inside the waiting room
Just relax they'll be here quite soon
Now if you could just let yourself go
You'll soon be starring in your own freak show

They know you're here, your own dark fears
You know you can't stop the show
You're at the mercy of the bringer of dreams

A dream or a nightmare tell me what will you choose
No way of knowing if you'll win or lose
Perhaps you'll find your hearts' desire
Or burn forever in your own hellfire

Let the show begin, just become them in
You know you can't stop the show
You're at the mercy of the bringer of dreams

Sleepless demons approaching fast
They bring you gifts from your subconscious past
Ride with Rhiannon on her snow white horse
Morpheus plots a darker course

Time to dream

Be at peace within your dreams
You know it's not all that it seems
Like Alice down the rabbit hole, I'm falling, falling, falling
I feel like I'm all alone
I feel so far from home
I hear a distant telephone calling, calling, calling

They know you're here, your own dark fears
Let the show begin
