

## The Last Angel

Pallas

Alone in the dark, I feel like I'm drowning  
Hope I'll see a light to guide me to morning  
I'm gasping for breath, the temperature's falling  
Can you hear me calling?  
I'm searching for heaven

Sent on a mission to rescue your kind  
I've seen so many things I've wished I was blind  
I'm floating through space, I'm diving through time  
Lived millions of lives, none of them mine  
Why did I fail here I'll never know  
Now I'm drowning in an ocean of desolate souls  
All searching for heaven

And I see you as you murder your brothers for power  
And I see you turning away from the poor in your ivory towers  
And I see you kneeling at the altar of celebrity  
And I see you selling your soul for the price of your dignity

Why was I sent here? God only knows  
Now I'm drowning in an ocean of desperate souls  
Searching for heaven

Wandering through the ruins of what might have been  
Was it ever real, this dream of grace we all cling to  
I'm the last of my kind  
The battle is lost in my mind  
Now I want to go home  
But I can't find the way  
It has gone

Il paradiso è nel tuo cuore  
Permettimi di sognare di domani  
Sei perso, sei perso, la mia voce  
Lasciati andare, ascoltando la mia voce  
Lasciatemi mostrare la via e seguite  
La mia voce, la mia voce
