I've got a brand new song
I've got a brand new song
It's gonna be a number one
It's gonna be a number one it is

And I'd love to show the world
I'd love to show the world
I'd love to show the world my new song
It keeps me up all night long

I've got a brand new car
I've got a brand new car
I hope I'm gonna go far
With my brand new car
My new car

And I'd love to show the world
I'd love to show the world
I'd love to show the world
My new car and I'm going
I'm going go go yeah

I've got a brand new song
Two minutes fifty one
Radio band the radio band
Radio band the radio band
Radio band the radio band
Radio radio radio radio
Radio radio radio

And I'd love to show the world
I'd love to show the world
I'd love to show the world my new song
It keeps me up all night long.
