Step Up for the Cool Cats

Palma Violets

You drive my car, around the bend
It never ends, it never ends
Oh yeah, yeah, yeah

You're on the bed, but I got it made
You're on the rug, just step it up
Oh yeah, yeah, yeah

All the cool cats, said you must lie on

You're on the bed but I'm still here
Now you're on a roll!
You better run run run
And run run run
And run run run

You had me dancin' in the sun

You got me dancin' in the sun
You got me dancin' in the sun
You got me dancin' in the sun
You got me dancin' in the sun.
