

# How Gone Is Goodbye

Pam Tillis

Baby, I've got this sinkin' feeling  
I've done something I can't undo  
And I could kick myself from Tennessee to Texas  
If I just lost the love I found with you  
So tell me I just gotta know, how too far did I go

And how gone is goodbye  
Is that last bridge burnin'  
Is that point of no returnin'  
What I'm seeing in your eyes  
How gone, how gone is goodbye

Well, I'm afraid that I already know the answer  
Oh, just this once, I'd sure like to be wrong  
And I could wake up in your arms tomorrow morning  
And live without this deep regret down in my bones  
Have I pushed you to the limit  
What's your plan and am I in it

And how gone is goodbye  
Is that last bridge burnin'  
Is that point of no returnin'  
What I'm seeing in your eyes  
How gone, how gone is goodbye

Tell me, I've just gotta know, how too far did I go

And how gone is goodbye  
Is that last bridge burnin'  
Is that point of no returnin'  
What I'm seeing in your eyes  
How gone, how gone is goodbye

How gone is goodbye  
Have you drawn the final curtain  
Come on baby, are you certain  
We can't give it one more try

How gone, how gone is goodbye
