I Wish She Wouldn't Treat You That Way

Pam Tillis

The way she treats you Is a dog gone crime I just get blue about it all the time Drives me crazy how she walks that line I wish she wouldn't treat you that way baby I wish she wouldn't treat you that way I ain't sayin' that she's bad to you She does every little thing a lover should do Any fool could see that her love is true I wish she wouldn't treat you that way baby I wish she wouldn't treat you that way She ain't the only one Who loves you dear She ain't the only one Who needs you near How am I ever goin' to have my day I wish she wouldn't treat you that way I wish she wouldn't treat you that way See you walkin' with her Hand in hand By the look on your face You're a happy man She's ruinin' all of my best laid plans I wish she wouldn't treat you that way baby I wish she wouldn't treat you that way I wish she wouldn't treat you that way baby I wish she wouldn't treat you that way She ain't the only one Who loves you dear She ain't the only one Who needs you near How am I ever goin' to have my day I wish she wouldn't treat you that way I wish she wouldn't treat you that way wish she wouldn't treat you that way baby I wish she wouldn't treat you that way
