

# Popular Girl

Pam Tillis

Her name pops up in every conversation  
Got a way of firin' up the boy's imagination  
Oh yeah, she's popular girl  
She's a popular girl

She's obscene in all the right places  
Not good at names but she don't forget the faces  
Oh yeah, she's a popular girl

She's so cool  
She's so mod  
Everybody wants her bod  
Oh yeah, she's a popular girl, she's a popular girl

She's a big girl now  
She's in the eighth grade  
Walkin' down the hall she's always on parade  
Oh yeah, she's a popular girl, she's a popular girl  
She's this year's darlin'  
She's don't know she's just another falling star  
So on it goes for a popular girl

She's so cool  
She's so mod  
Everybody wants her bod  
She's this year's darlin'  
She's don't know she's just another falling star  
So on it goes for a popular girl  
She's a popular girl  
She's a popular girl, popular girl

Today the neighborhood, tomorrow the world  
She's a popular girl, popular girl
