

## Tropic of Cancer

Panda Bear

It's all in the family  
And then you sneak it all away

When they said he's ill  
Laughed it off as if it's no big deal  
What a joke to joke, no joke

It's all in the family  
And then you sneak it all away  
Sick has to eat well too  
And you dumb it down

And you can't get back  
You won't come back  
You can't come back to it  
And you won't come back  
You can't come back  
You won't come back to it  
And you won't come back  
You can't come back  
You won't come back to it  
And you won't come back  
You can't come back  
You won't come back to it

Its all in the family  
And then you sneak it all away  
Sick has to eat well too

Got to like it all  
Got to like what kills  
It kills just to know what kills  
Got to like it all

So it goes to show what all things know  
Just one thing keep it live  
Keep it live, dead or alive  
These guys kill to live on  
And you give up on the upside  
Give it up on the other side

And you can't get back  
You won't come back  
You can't come back to it  
And you won't come back  
You can't come back  
You won't come back to it  
And you won't come back  
You can't come back  
You won't come back to it  
And you won't come back  
You can't come back  
You won't come back to it
