

# Don't You Know

Pandora

If we can't be lovers  
I don't think we can be friends  
You say you need a strong relation  
But I say it all depends  
You gotta know me  
Have a feeling for my needs  
But we're two of a kind  
And with different beliefs  
So you're stressin', pressin',  
I need your blessin'  
There's no way that  
I'm excessin'  
Givin' me a vision that I only fear  
Yes, I gotta be out of here

Don't you know  
Don't you know  
Everytime you go  
That your one-man-show  
Leaves me alone  
Don't you care  
Don't you care  
I don't think it's fair  
'Cause we still got things to share  
Everytime you're goin'

Gotta get away baby  
Gotta get away  
Gotta get away baby  
Gotta get away yeah

It's about time  
To leave, I've had enough  
Lovin' like this  
Ain't easy but tough  
It makes me wonder  
What's the meaning of our lives  
When feelings like this  
Cannot be given a try  
But your dream of illusion,  
Just delusion  
Now I've come to  
The conclusion  
The only way for me  
To keep goin' on strong  
Is goin' all alone
