

# Runaway

Pandora

(Mm, yeah)  
Ive been down, Ive been hurt  
Ive been lost, Ive been weak  
My emotions have been out of reach  
When I thought everything was okey  
I was wrong I have to runaway  
Bye bye baby, goodbye  
Im gonna run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
(Mm, hoo)  
I can love, I can feel  
I can breath, I can see  
So alive Ive never felt so free  
I am stronger than ever before  
Now Im gone so you can close the door  
Bye bye baby, goodbye  
Im gonna run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
Im gonna run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
It doesnt't't matter where life will take me  
Im going with the flow higher than higher  
It doesnt't't matter if luck will forsake me  
Im gonna runaway  
Im gonna runaway  
Run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
Im gonna run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
I can feel for the first time  
Im gonna run run runaway
