

Cry For A Shadow

Pansy Division

I see the tears see the pattern it comes and goes
And leaves you shattered
You shed for so many untrue
Can you cry for a shadow?
Can you cry for
A heart crying out for you?
Can you cry for a shadow?
No one asked you to

They don't deserve your precious tears
Hear a whisper to fill your ears
The reflection of a love long due
Can you cry for a heart crying out for you?
Can you cry for a shadow?
I've cried for a few.

Can you cry?
Dry your tears and try
So stop crying
It doesn't matter,
Just come closer so I can gather,
Every drop of your precious tears
When you're crying for a shadow
When you're crying for a heart crying out for you
When you're crying for a shadow
Like I cried for you

Can you cry
Dry your tears and try
So stop crying
It doesn't matter,
Just come closer so I can gather,
Every drop of your precious tears
When you're crying for a shadow
Crying, crying for a shadow
When you're crying for a shadow,
I'm crying, like I cried for you.
