

# Killers

Pantera

I'm so tough, hear my motor revving up  
Who yeah, keep on and take it away  
Well hold tight it's Saturday night  
Sorry but I just can't fade, no way

We're gonna shake it loose  
Party all night  
She got my number but that's alright  
Killers, runnin' loose  
We'll case the whole town  
I know she's been around  
She's got me running that's for sure  
Yeah so knocked up, bad girls lick it up  
They got the jump boys

And there ain't no cure  
We're gonna  
Make it loose  
Shake it in the air  
Their mamas coming but we don't care  
Killers, running loose  
Killers, running loose

I'm gonna cut it loose  
Show 'em what we've got  
Party all night long  
Ain't never gonna stop  
Thank you  
Killers, runnin' loose  
And we're killers, runnin' loose
