

# War Nerve

Pantera

Truly, fuck the world,  
For all it's worth,  
Every inch of planet Earth,  
Fuck myself,  
Don't leave me out,  
Don't get involved,  
Don't corner me

Inside, ulcer,  
Unjust bastards,  
File out face first  
Meet the lies and see what you are

It's forcing you down, and it's grinding against you  
Let the war nerve break

For every fucking second the pathetic media pisses on me and  
Judges what I am in one paragraph - Look here - Fuck you all

Expect the worse,  
You bleeding heart,  
But kill me first  
Before it starts,  
Yes my cock is getting hard,  
We are born different after all

Invite mayhem,  
Produce weapons,  
Shoot out,  
Burn down  
No CNN or media now

It's forcing you down, and it's grinding against you  
Let the war nerve break

All the money in the fucking world couldn't buy me  
A second of trust or one ounce of faith in anything you're about  
Fuck you all

Nothing is worth the sleep that I've lost  
Apologies unacceptable now  
A blistered revenge awaits in me  
This is fucking loveless

Hate  
Hate mail is not read, in jail instead  
Hate

The Lord knows,  
There's worse  
Ignore, this curse  
Hate
