

# Where You Come From

Pantera

It's strange to be around again  
Can't kill the bad disguise  
I was asking for it all,  
Being dragged down the road  
Call it wisdom  
call it ignorance

But it's still alive  
And it's in me now  
And it lives and breathes  
I can't give a fuck

I've got a big mouth  
And there's a life to live  
From a bottle of whiskey  
It's where you come from  
(the south)

A remedy to the curse  
On harder wares control  
Look at what's around  
But I just can't lie around  
Feeling sorry for myself

But it's still alive  
And it's in me now  
And it lives and breathes  
I could care less

I've got a big mouth  
And there's a life to live  
From the weight of whiskey  
It's where you come from  
It's where you come from

Bottle of Whiskey

I fell in front of my friends  
I dropped out in front of the world  
You call that supernatural?  
It ain't

I've got a big mouth  
And there's a life to live  
From a bottle of whiskey  
It's where (the south)

Black wings will weather your flight  
For some there's no second time  
Following paths of your life  
I stepped off the mountain to the sky

Watch your ass now  
It's where you come from  
Why'd you settle down?  
It's where you come from  
Where you come from

Why'd you ask them?  
It's where you come from
