

## The Final Line

Pantommind

Some day you'll find the answers  
but they will breed more questions  
Is there understanding still  
If you'll feel your life's intrusion  
as you walk on in the land of illusion

In this place I'm just like a stranger in danger  
There's something wrong, something that escapes me  
Maybe I'm a pawn in a cruel game  
Where always I'm the loser  
another one is chosen to win...

From those days nothing remains  
Everything's the same  
So hard to be understood  
When there is so much more to know  
It's time to get the last step away

It's the final line  
It's the point of no return  
On the edge of time  
It's the final hour  
In the final place  
We'll become two twilight souls forever  
Somewhere in the corner of the world

You say this is real story  
as you hold the light in your hands  
But I don't care what you think about it  
It doesn't matter who you are...  
If you never had this feeling  
You'll never see the lights of tomorrow  
but I always knew  
Lies are only meaning of your life

Maybe you're just like me?  
Believe... I know your nature  
So tell me your secrets  
as I run through your mind  
Remember your forgotten dreams  
Hear them calling you  
Oh, how much you want to fly  
Higher in the sky...
