Pantommind

My guide my way  
My path my day  
Wait for me wait for wait for me  
My words my song  
My heart was wrong  
Gone away... away.. away

A smile a sigh  
A wave goodbye  
Meant for me was meant for me

Some how some where  
When I'm not there  
There you'll be and you'll wait for me
