

The Great Dance of Dionysus

Panychida

Ambrosia, Amanita muscaria
Open the Gateway, brighten the senses
The Eye of God, the hand of man
To ecstasy through ritual madness

Living and dead appear in the fire
Numinous power bringing hysteria
Body and mind obsessed with bliss
Slowly the clarity is melted in mist

Epiphany - the God that comes
Triumphant - the one who knows
Procession - from the place beyond
Arrival - cult of the souls

Arrival - cult of the souls

He in the tree, runner in the woods
Divinity deep in his mysteries
Chaotic, ecstatic visions of old
From beyond this realm, mystical possession

Slowly fading - the light of this world
Infinity liberating tormented human soul

Living and dead appear in the fire
Numinous power bringing hysteria
Body and mind obsessed with bliss
Slowly the clarity is melted in mist

Ambrosia, Amanita muscaria
Open the Gateway, brighten the senses
The Eye of God, the hand of man
To ecstasy through ritual madness
