

## Behind A Gasmask

Panzer AG

Beneath the ice  
We live our lives  
We seek attention  
Our frozen hearts  
Our frozen minds  
Can't feel compassion  
Why seek the sun  
Why should I care?

A winter year

Hands on the book  
Hands on the sun  
We need submission  
We seek to claim  
Drink bio rain  
We're all imortal  
We breed our sons  
To live their life  
Behind a gasmask  
Why seek the sun  
Why should I care?

A winteryear

Why seek the sun  
Why should I care?  
We're all immortal
