

## Gunhead

Panzerchrist

Come be with me  
And save yourself  
Don't know it's all  
In your head

Release your mind  
And save your...  
Kill yourself and save your soul

This darkened place  
You have to leave

So come with me  
I will save your...  
Now kill yourself  
And save your soul

It's all inside of you  
Search your inner self  
And you will know  
This is the way to go

Gunhead, now this is the end  
Release yourself  
And let your head go

Gunhead you have found peace  
In another time  
Your mind is free
