## The red river

## Panzerchrist

Red river flowing Wounds tearing open The blade of a knife Release my cares from me Knife now blood stained..

Not a care no more Tragic life Meaningless times I lost it all

Hey Waits you say That looks like blood But no! It's the pain inside Finally released Let go, to leave this place To play at someone else Not me! No more

The perfect world Out of reach Except one way The way it's troooooo
