

Burn

Papa Roach

I didn't know you were a fake.
Every lie straight to my face.
So blind I could not see
right behind my back you stabbed me.
Should've know you were a bitch,
shut up, you're making me sick.
Little man you're nothing like me.
Lying, cheating, so deceiving...
I trusted you broke me down.
And you screwed me over.

Don't try to deny it!
You cannot hide it!
I'll be ignited
when I get to watch you burn.
Burn! Burn!
I wanna watch you burn!
Burn! Burn!
I wanna watch you burn!
You're gonna get what you deserve.
I wanna watch you burn...

You turn me inside out.
My world is upside down.
You're not hurt are you happy now?
Looking over your shoulder fucking me over.
I trusted you sold me out.
This is far from over...

Don't try to deny it!
You cannot hide it!
I'll be ignited
when I get to watch you burn.
Burn! Burn!
I wanna watch you burn!
Burn! Burn!
I wanna watch you burn!
Burn!
I wanna watch you burn!
You're gonna get what you deserve.
You'll never learn...

Your time has come now.
Its your turn.
I'll watch you burn!
Burn! Burn! Burn!
I wanna watch you burn!
Burn! Burn!
I wanna watch you burn!
You're gonna get what you deserve.
You'll never learn...

Your time has come now.
Its your turn.
I wanna watch you burn!
Burn! Burn!
I wanna watch you burn!

Burn! Burn!
I wanna watch you burn...
