

# Falling Apart

Papa Roach

I'll follow you out of the dark  
I tried it my way but I keep fallin' apart

All that I see is the wickedness around me  
I refuse to believe the apocalypse inside of me  
I can't even trust myself  
I'm burning in my skin  
Standing at the gates of hell  
But nobody will let me in

I'll follow you out of the dark  
I tried it my way but I keep fallin' apart  
I'll follow you with all of my heart  
I'm tired of my ways cause I keep fallin' - I'm fallin' apart

I stand here again  
Forsaken in a place that feels like  
I can never win  
I'm reaching for a saving grace  
I can't even trust no one  
But I need to rise above  
I don't think I'm good enough  
To feel your perfect love

I'll follow you out of the dark  
I tried it my way but I keep fallin' apart  
I'll follow you with all of my heart  
I'm tired of my ways cause I keep fallin' - I'm fallin' apart  
I'm fallin' - I'm fallin' apart  
I'm fallin' - I'm fallin' apart  
I'm fallin' apart

Your love's a fire  
It's alive and I'm burning in it  
I'm in the ashes of mercy  
I'm covered in it  
I fall hard and you carry me  
I fall apart so you can set me free

Your love's a fire  
It's alive and I'm burning in it  
I'm in the ashes of mercy  
I'm covered in it  
I fall hard and you carry me  
I fall apart so you can set me free

I'll follow you out of the dark  
I tried it my way but I keep fallin' apart  
I'll follow you with all of my heart  
I'm tired of my ways cause I keep fallin' - I'm fallin' apart

I'm fallin' - I'm fallin' apart  
Without you I'm fallin' apart  
I'm fallin' - I'm fallin' apart
