

Orange Drive Palms

Papa Roach

I try, I lie, I try, super lie

Someone's sphincter in my eye
Kick it with that rebel cat, and I want it to be that
I'm feeling slightly down, I'm looking up from the ground
While confusion strains my mind, I contemplate this time
Thinking about a future, hemming it with a suture
Dog shitting on the sign, could the head below be mine?

Sign, could the head below be mine? (3x)

I try, I lie, super lie
Someone's sphincter in my eye
Remember the palms (8x)

Kick it with that rebel cat, and I want it to be that
I'm feeling slightly down, I'm looking up from the ground
While confusion strains my mind, I contemplate this time
Thinking about a future, hemming it with a suture
Dog shitting on the sign, could the head below be mine?

Sign, could the head below be mine? (3x)

Orange drive is where these palms lie
Making me sick, making me want to get high
Under the palms (8x)

Kick it with that rebel cat, and I want it to be that
I'm feeling slightly down, I'm looking up from the ground
While confusion strains my mind, I contemplate this time
Thinking about a future, hemming it with a suture
Dog shitting on the sign, could the head below be mine?

Sign, could the head below be mine? (7x)

I try, I try, super lie
Someone's sphincter in my eye
I try, I lie, I try
Someone's sphincter in my eye

Kick it with that rebel cat, and I want it to be that
I'm feeling slightly down, I'm looking up from the ground
While confusion strains my mind, I contemplate this time
Thinking about a future, hemming it with a suture
Dog shitting on the sign, could the head below be mine?

Sign, could the head below be mine? (3x)

I try, I lie, super lie
Someone's sphincter into my eye
(5x)

Orange drive is where these palms lie
Making me sick, making me want to get high
(3x)

Orange drive is where these palms lie

Someone's sphincter in my eye
