

Time and Time Again

Papa Roach

Yes I did it and I'll do it again
It doesn't matter if I am your best friend
I don't think so
You're not that smart
Over and over it breaks my heart
The cycle continues
Time for your crime
The pain comes back in an ugly design
Her make up smears
Tears that she cries
Over and over and every night

Emotional swords slash my soul
And now the pain
It takes control
I think about you
I think about me
I think about the way that it used to be
I need a bottle
I need some pills
I need a friend
And I need some thrills
A shoulder to cry on
A friend to depend on
When life gets rough

Time and Time again
You'll think about yourself
Before you think about me (2x)

It's like a fight every single day
It's always easy when you have it your way
Deep in my heart,
The depths of my soul
My selfish ways are out of control
Sorry that it comes down to this
I punch through the wall as I break my fist
Her make up smears
The tears that we cry
Over and over every night

Time and time again
You'll think about yourself
Before you think about me (2x)

You're so selfish
You're making me want to end this
Relationship
You're making me want to end this

Lost time behind
Loving ties unwind

Time and time again
You'll think about yourself
Before you think about me (2x)

Time and time again
(You're so selfish)
You'll think about yourself
Before you think about me (2x)

Loving ties unwind
Lost time behind (2x)
