

# Are We All Forgotten

Paper Route

Years ago I met my lover  
On the banks of the stormy Jordan  
Years ago I met my lover  
How I wish that we could meet again

Have I lost my faith in you?  
Are we all forgotten to?  
Don't you break my heart  
Don't you break my heart again  
Don't you break my heart  
Don't you break my heart again

I still believe that change can happen  
Though it's hard and it happens slowly  
I still believe forgiveness comes with love  
And God when it washes over me

If we've all forgotten you  
Are we all forgotten to?  
Don't you break my heart  
Don't you break my heart again  
Don't you break my heart  
Don't you break my heart again

So what are you waiting for?  
So what are you waiting for?  
What are you waiting for?  
So what are you waiting for?  
What are you waiting for?

Don't you break my heart  
Don't you break my heart again  
Don't you break my heart  
Don't you break my heart again
