

Empty House

Paper Route

It was a matter of time
'til this day came, whoa
It was a matter of time
'til this ground gave, whoa

Somebody's at the door
I don't believe we live here anymore
Maybe it's all the right dreams at the wrong time, whoa
Maybe it's better to start a whole new life, whoa

Somebody's at the door
I don't believe we live here anymore
Somebody's at the door
I don't believe we live here anymore

You know the bottom line was
I couldn't change your mind
Honey, could I?

Somebody's at the door
I don't believe we live here anymore
