## Paper Route

Under the eyelids  
Under the eyelids  
That's where you're hiding  
That's where you're hiding

Like I'm a stranger  
Signaling danger  
But I'm a beggar  
But I'm a beggar

Take me back  
Take me home  
You were right  
All Along  
You are where I belong

If there's a sonnet  
That makes you feel wanted  
Then sugar I'm on it  
Sugar I'm on it

A world in a world  
A shell to a pearl  
Is how I'll protect you  
I'll always protect you

Take me back  
Take me home  
You were right  
All along  
You are where I belong  
Where I belong

All I am  
All I am  
I've given you all I am  
Given you all I am  
You are where I belong

If I'm the great sea  
You're what I'm reflecting  
Blue in the evening  
So blue in the evening

You hit like the lightning  
A beauty so frightening  
The Earth was dividing  
The Earth was dividing
