Papoose

This is a G call  
These niggas ain't built like that  
This is a G call

When we make a G call, you shouldn't answer  
Cause you ain't a gangster, you's a dancer  
Your dirty drawers showing boy, pull your pants up  
Deadbeat dad, the kids need pampers  
You ain't built like that  
(You ain't gangster)  
You ain't built like that  
(You ain't a murderer)  
You ain't built like that

Tired of hearing niggas say they're doing it big  
But they ain't big enough to take care of their kids  
He be on the internet shooting a vid  
Couldn't even help his baby moms move in the crib  
Everybody swiping all over the world  
But when I was growing up, that was a hustle, y'all full of girls  
I ain't hiding, I'm riding, I ain't running, I'm going  
I ain't ducking, I'm bucking, homie, get shot in your stomach  
Dickriding without a helmet ain't safe  
So all you dickriding niggas, helmet over your face  
Smack the taste out of your mouth with the nose of them eights  
Bang the hammer like the judge when he closing the case  
When they hear the shit bumping, they say, "who is that?"  
Tell them corny ass niggas Papoose is back  
I'ma keep it G real, cuz, you been wack  
Keep selling that garbage, I'ma move this crack

When we make a G call, you shouldn't answer  
Cause you ain't a gangster, you's a dancer  
Your dirty drawers showing boy, pull your pants up  
Deadbeat dad, the kids need pampers  
You ain't built like that  
(You ain't gangster)  
You ain't built like that  
(You ain't a murderer)  
You ain't built like that

Tell you hurry up when it's time for thugging in the streets  
But take their time when they got a plug for you to eat  
My respect level for these suckers is the least  
Throw you with the opportunity but rush you when it's beef  
You's a dishwasher, cocksucker, I'm a beast  
I don't wash dishes, I just dump them in the sink  
Make a long story short cause my summary is deep  
My loyalty is powerful, your fuckery is weak  
If you know he a snitch and you running with the creep  
You a rat, you're only as good as the company you keep  
Innocent 'til proven guilty, alive 'til they kill me  
I'ma keep doing them dirty until they're filthy  
A cow when it comes to the beef, they never milk me  
Body your mother, face firing, he shouldn't have grilled me  
You don't understand my ways, you don't feel me  
That's cause you're not built like that, this how they built me

When we make a G call, you shouldn't answer  
Cause you ain't a gangster, you's a dancer  
Your dirty drawers showing boy, pull your pants up  
Deadbeat dad, the kids need pampers  
You ain't built like that  
(You ain't gangster)  
You ain't built like that  
(You ain't a murderer)  
You ain't built like that
