

## Nothing but a sorrow

Paprika Korps

You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon  
(baaabbylloon....)

Visions from the screen feed the paranoia  
The more I look at them, the more exactly i see  
Use your mind, you've got to choose the way  
Live behind insanity

If you choose the way of wicked  
Than pretend you will be done  
You have nothing but a sorrow in a mighty babylon  
Man internal balance has been destroyed  
You have nothing but a sorrow in a mighty babylon

You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon  
You have nothing but a sorrow in a mighty babylon
