

Welcome Home

Paprika Korps

It is sad to see you in a such a bad shape.
His destroyed liver and your boots full of hay

He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more
Welcome home
He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more

It is sad to see you in a such a bad shape.
His destroyed liver and your boots full of hay
lying back to back in the crackling bed
confused, annoyed, ashamed and misled
Now you eat the same bread made out of the same grains
and you ruin the grey matter with the same readiness
living fence to fence

He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more
Welcome home
He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more

Ka|dy czeka na jego slowo,
na niego nie czega nikt.
Kiedy patrzę na dziwaka,
pojawia sie wstyd.
I nic nic nic nic,
nie bedzie tutaj inaczej,
bo zawsze bez znaczenia,
producenci znaczeD.
Raczej pusto tam,
a gdzie jego dom.
Raczej dym,piwo, gin
nizli druga dBoD
Raczej pokoj i duchy,
a nie milos i spokoj,
treny, refreny,
treny, refreny,
nocny na widoku.

Now you eat the same bread made out of the same grains
and you ruin the grey matter with the same readiness
living fence to fence, dissembling tolerance,
confused, ashamed, dance the merry straw-man dance

It is sad to see you in a such a bad shape.
His destroyed liver and your boots full of hay
lying back to back

He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more

Welcome home
He has climbed sky to steal fire for you
He has gone deep inside to steal fire for you
but he is not welcome any more
but he is not welcome any more
but he is not welcome any more
welcome home
