

Blur

Parabelle

Be a saint or be a sinner
He shuts his eyes and picks a role
But I stole the pictures that you've taken
We'd hold still so we don't blur

All this space you're working on wrecking it
I hold my place, You're wrecking it
Be my death or be my savior
You just let me down you're on a roll

And I broke her heart in many places,
You'd better slow it down so we don't blur,
But all this space you're working on wrecking it,
Hold my place, you're wrecking it.
All this space you're working on wrecking it,
I hold my place you're wrecking it,

Feel the weight when it knocks you out,
He lost it all when he lost his count,
Just don't cause it's late and I don't want to waste my time, (
to be the one you are)
To feel it could never be this way,
She knew who she was and she wasn't then,
Just tell me it's too late cause I don't want to waste my time.
(to be the one you are)

With all the messes that you made,
We'd never fall apart,
All the words you couldn't take,
You never let me down,
Hold back hold back the ways,
When you fall I fade,
You said you'd never change you'd never change.....Bullshit,
Who do you think you are,
You played the part so well,
But it's bullshit who do you think you are,
My ohhhh my
