

# Drive You Home

Parachute

You won't cry, standing on the porch because you said goodbye  
Told him you were leaving, now you're high and dry  
You had nowhere else to go, I open up the door and let you come inside  
Ooh you didn't mean it  
Ooh he's gonna ask where you've been  
Ooh before you go back

Baby let me tell you this when it's over  
And the thrill is gone  
If you come back and you've got it wrong  
You know that you don't have to leave  
You don't have to go  
Yes, when it's over  
Let me drive you home  
Ooh  
Let me drive you home  
Ooh

Yeah, summer heat, staring at the ceiling, but I just can't sleep wondering what you're doing  
When it comes to me, there's nothing I can do, it's always up to you  
Yes and I lie awake in bed at night  
I picture you when I close my eyes  
I can see you there, in the porch, in the light  
I might never feel your kiss

Baby let me tell you this when it's over  
And the thrill is gone  
If you come back and you've got it wrong  
You know that you don't have to leave  
You don't have to go  
Yes, when it's over  
Let me drive you home  
Ooh  
Let me drive you home  
Ooh

Baby 'cause I need to know, do you feel it? Can you feel it?  
Baby 'cause I need to know, is it real? Yeah

This when it's over  
And the thrill is gone  
If you come back and you've got it wrong  
You know that you don't have to leave  
You don't have to go  
Yes, when it's over  
Let me drive you home  
Ooh  
Let me drive you home
