

The Other Side

Parachute

I feel the beat of your heart on my skin
As I count all the breaths that I watched you breathe in
I can still taste the kiss that you left on my lips
In the silence, comes the sleep
Like the tide comes to the beach

So darling I can't wait for you to wake up
I wanna be there when you open your eyes
Darling don't look back no need to worry
I'll be here waiting on the other side
On the other side
Yeah I'll be here waiting on the other side
On the other side
Yeah I'll be here waiting on the other side

So go make your way through the dreams that you dream
Darling you can take all of the time that you need
You know you're not alone as you swim through the deep
Like a ship calls through the fog
You won't hear me 'till you're gone

So darling I can't wait for you to wake up
I wanna be there when you open your eyes
Darling don't look back no need to worry
I'll be here waiting on the other side

So darling I can't wait for you to wake up
I wanna be there when you open your eyes
Darling don't look back no need to worry
I'll be here waiting on the other side
On the other side
Yeah I'll be here waiting on the other side
On the other side
Yeah I'll be here waiting on the other side
