

Just A Girl

Parade

I'm just a girl, that's all you wanna see
I'm no superstar, how could I be?

I'm just a girl, what do I know, or could I ever see?
But I got more up my sleeve, than you would think

I know that you want me
Know you want me bad
But you have to impress me
If I was your girl

I'm just a girl, but a girl that I'll never be
Just a girl, a girl that I'll now never be
I'll never be your girl

Lalalalalalalalalala
Lalalalalalalalalala
Lalalalalalalalalala
Lalalalalalalalalala

You think I'm dependent on your silly ways
You're disillusioned, act so unattainable
You got that superstar fever, changing overnight

Now you want me back baby
Know that you want me bad
But you have to impress me
If I was your girl

I'm just a girl, but a girl that I'll never be
Just a girl, a girl that I'll now never be
Never be your girl

Lalalalalalalalalala
Lalalalalalalalalala
Lalalalalalalalalala
Lalalalalalalalalala

It's too late, to say you're sorry
You should've never ever treated me
Like I'm just another girl

If you wanna be with me
Terms and conditions apply, you see
Impress me
If I was your girl

I'm just a girl, but a girl that I'll never be

Just a girl, a girl that I'll never be, yeah
I'll never be your girl

Lalalalalalalalalala (never be your girl, oh no)
Lalalalalalalalalala (I'll never be your girl)
Lalalalalalalalalala (oh, oh, oh)
Lalalalalalalalalala
Lalalalalalalalalala

Lalalalalalalalalala

Oh no, I'll never be your girl
