

# Just A Girl

Parade

I'm just a girl, that's all you wanna see  
I'm no superstar, how could I be?

I'm just a girl, what do I know, or could I ever see?  
But I got more up my sleeve, than you would think

I know that you want me  
Know you want me bad  
But you have to impress me  
If I was your girl

I'm just a girl, but a girl that I'll never be  
Just a girl, a girl that I'll now never be  
I'll never be your girl

Lalalalalalalalalala  
Lalalalalalalalalala  
Lalalalalalalalalala  
Lalalalalalalalalala

You think I'm dependent on your silly ways  
You're disillusioned, act so unattainable  
You got that superstar fever, changing overnight

Now you want me back baby  
Know that you want me bad  
But you have to impress me  
If I was your girl

I'm just a girl, but a girl that I'll never be  
Just a girl, a girl that I'll now never be  
Never be your girl

Lalalalalalalalalala  
Lalalalalalalalalala  
Lalalalalalalalalala  
Lalalalalalalalalala

It's too late, to say you're sorry  
You should've never ever treated me  
Like I'm just another girl

If you wanna be with me  
Terms and conditions apply, you see  
Impress me  
If I was your girl

I'm just a girl, but a girl that I'll never be

Just a girl, a girl that I'll never be, yeah  
I'll never be your girl

Lalalalalalalalalala (never be your girl, oh no)  
Lalalalalalalalalala (I'll never be your girl)  
Lalalalalalalalalala (oh, oh, oh)  
Lalalalalalalalalala  
Lalalalalalalalalala

Lalalalalalalalala

Oh no, I'll never be your girl
