Stars

Parade

Boom boom
Who just walked into the room, room?
Got everybody's eyes on zoom, zoom
And my name ring bells like ding dong

Woah, on this sh**
Everywhere I go go
I'm a superhero walking in slow-mo, you know
I even got my own theme song

Na na na na na na (we're taking off like)
Na na na na na na (getting down like)
Na na na na na na (getting high like)
Na na na na na na, let's go

We're looking like stars in here, let's light it up
The bass is hitting hard in here, let's light it up
We're looking like stars in here, let's light it up
Light it up, li-li-li-li-light it up

We're looking like stars in here, let's light it up
The bass is hitting hard in here, let's light it up
We know the night is ours in here, let's light it up
Light it up, li-li-li-li-light it up

Bang bang
Guess who's doing their thing, thing?
With them other girls so damn plain, swing swing
Knock 'em out the air like King Kong

Drop it down real low low
Bring it back up like a yo yo
They don't know
DJ bring back my theme song

Na na na na na na (we're taking off like)
Na na na na na na (getting down like)
Na na na na na na (getting high like)
Na na na na na na, let's go

We're looking like stars in here, let's light it up
The bass is hitting hard in here, let's light it up
We're looking like stars in here, let's light it up
Light it up, li-li-li-li-light it up

We're looking like stars in here, let's light it up
The bass is hitting hard in here, let's light it up
We know the night is ours in here, let's light it up
Light it up, li-li-li-li-light it up
