

## Accept the Pain

Paradise Lost

Like a pill  
Like a pill these dreams  
Like a pill  
Kill almost everything

Like a drop in the ocean  
Life's a drop in the ocean  
Like a pill it's all the same

Accept the pain, for all who ever tried  
For all who tried

Overkill, Overkill it seems  
Overkill, Feeding off all extremes  
Loyalty through emotion  
Cruelty kills devotion

Accept the pain, for all who ever tried  
Accept the pain, as all our fears subside (our fears subside)

Like a pill  
Like a pill these dreams  
Like a pill  
It's all the same, it's all the same

Accept the pain, for all who ever tried  
Accept the pain, as spirits purify (purify)
