

## Close Your Eyes

Paradise Lost

For our saviour could not deny  
All born the same  
All born the same  
You won't hear the truth

I can feel it, close your eyes  
I still see...  
You invent the proof  
I can feel it, close your eyes  
I still see...  
You won't hear the truth

Born a failure  
Could not deny  
All born the same  
All born the same  
You won't hear the truth

I can feel it, close your eyes  
I still see...  
You invent the proof  
I can feel it, close your eyes  
I still see...  
You won't hear the truth

For our saviour could not deny  
You won't hear the truth

I can feel it, close your eyes  
I still see...  
You invent the proof  
I can feel it, close your eyes  
I still see...  
You won't hear the truth
