

## Honesty in Death

Paradise Lost

In amidst the madness  
That only tears into myself  
The mists of sadness  
It turns into my hell

Burns into the frail  
All this speak of death

My honesty in death  
Modesty until the end  
Honesty in death

In amidst the anguish  
My only prayers are to myself  
Resist the discessions  
Its clemency compels

Turning not to face  
Only speak of death

My honesty in death  
Honesty adorns the end  
Modesty's intent

My honesty in death  
Modesty until the end  
Honesty in death

My honesty in death  
Honesty adorns the end  
Modesty's intent
