

Perfect Mask

Paradise Lost

I live behind the perfect mask
Erase the rule forever
I live behind the perfect mask
Unleash the truth forever
I live behind the perfect mask
Too late gonna live at last
I live behind the perfect mask
Too late gonna live at last
I live behind the perfect mask
Erase the truth forever
I live behind the perfect mask
Only the true endeavour
Help me. I dare say theres no other way
Help me. I dare say theres no other way to go
Wanton fallacy again
Merciless until the end
Recognise my heart is there
So reveal me and disgrace me
