

Pray Nightfall

Paradise Lost

In my head...

This all is, in my head this all is in my head...

This all is, in my head this all is in my head...

I hold on tight for this mortal ride

Rest my head 'til the morning's coming down on me

I realize my own sacrifice

Rest my head before somebody's going out...

In my head...

This all is, in my head this all is in my head...

This all is, in my head this all is in my head...

Pray nightfall release me

Then I could wander, wander to deep sleep

Awake despite another mortal night

Rest my head for the sun is shining down on me

I realize try to synchronize

Rest my head or somebody's going down

In my head...

This all is, in my head this all is in my head...

This all is, in my head this all is in my head...

Pray nightfall release me

Then I could wander, wander to deep sleep

Trying to make things work

Trying to make things right

Trying to make things work

Without serendipity in my life... It's in my head

Pray nightfall release me

Then I could wander, wander to deep sleep (2x)
