

# Feel the Knife

Paragon

They keep me locked in  
To repent my sins  
Yes, I'm the bastard  
And I allways win  
Bad blood of the ages  
Poison in history's traces  
Got a beast in me  
Addicted to the steel

Don't turn your back  
Don't close your eyes  
I destroy your dreams  
Thou shalt demise

Feel the knife - Metallic strike  
Taste the fear - Loose your life  
Feel the knife - Sacrifice  
Mortal terror - Sacrifice  
They try to change me  
But they can't succeed  
Yes, I'm the killer  
On your nightmares I feed  
On through the ages  
The horror never dies  
No way to stop me  
I will always return

Don't turn your back  
Don't close your eyes  
I destroy your dreams  
Thou shalt demise

Feel the knife - Metallic strike  
Taste the fear - Loose your life  
Feel the knife - Sacrifice  
Mortal terror - Sacrifice  
They try to change me  
But they can't succeed  
Yes, I'm the killer  
On your nightmares I feed  
On through the ages  
The horror never dies  
No way to stop me  
I will always return

Crawling through the night  
Your eyes stare full of fright  
On the road to hell  
Now it's time to meet your end  
As you see the axe descend  
Killer's revenge - Life after death

Feel the knife - Metallic strike  
Taste the fear - Loose your life  
Feel the knife - Sacrifice  
Mortal terror - Sacrifice  
They try to change me

But they can't succeed  
Yes, I'm the killer  
On your nightmares I feed  
On through the ages  
The horror never dies  
No way to stop me  
I will always return
