

# Warriors of Ice

Paragon

Riding horses - Driven rage  
The axe in hand - A poisoned land  
Ending lives and all burnt down  
Rape and plunder - The end unknown

Cold metal steel  
Cold hearted men  
No more time  
To confess your sins

The invasion from the sea  
Battle ship set warriors free  
On blood trails  
On trails of wrath  
The red banner is to rise  
Facing warriors of ice  
Warriors of ice  
Screams and laughin' - Indignity  
Fire and ice - All you see  
Cold shock took you by surprise  
You start to freeze by the look in their eyes

No more time
