

Morella's Sleep

Paralysed Age

Look she moves her arm
Like Morella like Morella
Look she moves her fingers
Like Morella like Morella
Like she had Morella's hand

Look how she sighs in her sleep
Like Morella like Morella
Look how it heaves her body
Like Morella like Morella
Like she sleeps Morella's sleep

And the moon...

Oh why oh how wake up
Don't sleep Morella's sleep
Oh why oh how wake up
Don't sleep Morella's sleep

Please don't go
Like Morella like Morella...

I will wet your fevered head
Like Morella's like Morella's
I will stay here at your bed
Like Morella's like Morella's
Like you're in Morella's bed

Awake please open up your eyes
Like Morella never did
Awake the colour of your smile
No Morella never had
Your eyes Morella never had

And the moon...

Oh why oh how wake up
Don't sleep Morella's sleep
Oh why oh how wake up
Don't sleep Morella's sleep

Please don't go
Like Morella like Morella...
